

Activity 12

Level 1

Title:

Working with numbers (2)

Carol's measured her glucose levels 5 times, today.

Sort Carol's glucose readings, going from lowest to highest.

95 53 174 128 310

○ 1 ○ ○ ○

Carol has to have insulin shots, three times a day, only, in different amounts! Before breakfast, she had 5 units; she had 7, before lunch; and she had 4, before dinner. In all, how many units has Carol had, today?

Before breakfast
Before lunch
Before dinner
